Players may only play for one team in an age group. For example, a player can compete in both U16 and U18s but cannot play for two teams in U16s.

No clearances or permits will be allowed for players to switch teams before State Championships.

The Competitions Committee will deliberate on any appeals to the rules.

Special draw arrangements will not be made to alleviate clashes (eg. U16 and U18) where two age groups are playing at the same tournament.

16. In the event of teams finishing with the same number of wins at the end of the round robin series, the method of determining positions will be that contained in the Official

Basketball Rules i.e. only the game(s) between the teams concerned will be taken into account.

17. All players and officials are to be registered members of Basketball Tasmania in 2021. Officials need to be registered to Basketball Tasmania as non playing officials.

18. In submitting their entry, associations have certified that all requirements of Basketball Tasmania have been met, including those relating to Basketball Tasmania's Working With Vulnerable Persons Policy and Basketball Australia National Integrity Framework.

19. In the event of a clash of colours, any team in unofficial colours will be required to change. If both teams are in official colours the first named team is required to change their uniforms.

20. The use of Zone Defence in U12/U14 is not allowed. Zone Defence is defined as being any defence in the half court which does not incorporate normal man to man defensive principles. The host association will appoint an observer (“Zone Buster”) who will be called upon only by the Match Manager to adjudicate on an issue which has been raised. Only the Match Manager may call upon the observer and only then, if the Match Manager is satisfied that the allegation is based on a genuine belief that Zone Defence was being played. If the observer is satisfied that Zone Defence has been played, the Match Manager will be advised and that person will issue an official warning to the offending coach. Offenders will be entitled to one warning only, for the duration of this specific event. Should there be a further transgression during the same event whether it be during the same or a subsequent match, the Match Manager will request the referees (through the Scoretable Chair) to charge the offending coach with a Technical Foul and from that point on, during the match in progress and all future matches in the particular event, normal Technical Foul penalties will apply.

Presentations will be held after each Grand Final.

We encourage teams to stay and support the Grand Finals in each division.
